Chicago Faucets and  
The Buy American Act

**CHICAGO  
FAUCETS®**  
Geberit Group

# We've been right here since 1901.

**With over 200 employees dedicated to making the finest faucets in the world.**

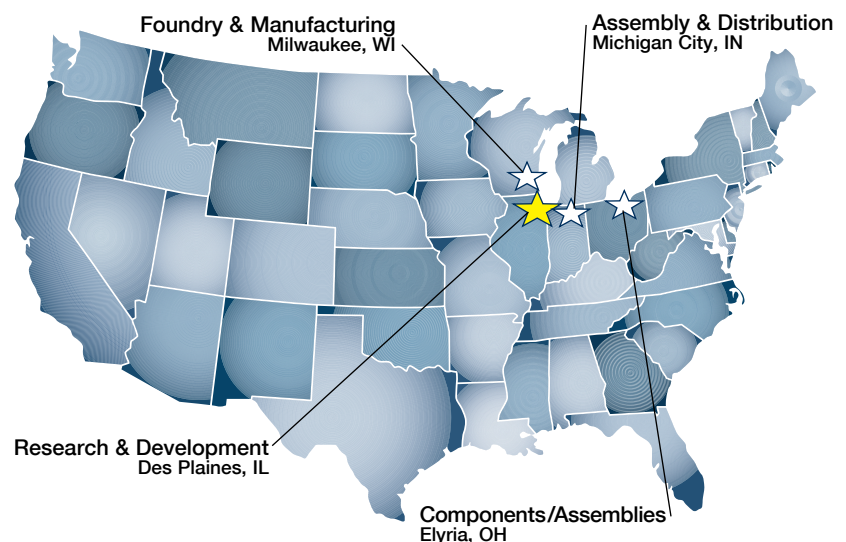

It's cool to be made in America again, but we've always understood its importance. According to a recent Consumer Reports survey, almost 8 in 10 Americans say they would rather buy an American-made product than an imported one. And more than 60 percent say they're even willing to pay more for it. Buying products manufactured and assembled in America helps ensure quality and safety while supporting American workers.

It's one of the main reasons why Chicago Faucets has been America's leading manufacturer of commercial faucets for over 115 years. With manufacturing, research, and development located in the United States, we can consistently deliver the highest quality products – handcrafted by the most dedicated and experienced employees in the country.
